St. Lucy Women's Fall Faith Formation Study Presents:

happiness

Why do so many people seem to chase what they believe will make them happy only to find out they don't feel any happier when they obtain it? Happiness, love, freedom, and suffering are all connected. When put together, they express our true dignity and destiny as we are guided on our way to greater love in Christ. *Happiness* features interviews with well-known psychiatrists, celebrities, New Testament scholars, physicists, and priests that uncover the deeper answers to life's most profound questions.
